| 460 | Speech only services |

## English Language Learners (ELL)

As of January 2006, 5,745 students have been provided with ELL services, and 42 Languages are spoken with 45 countries represented.

| Bilingual Students | 1,922 |
| :--- | ---: |
| ESL Students | 1,943 |
| Total in program | 3,865 |
|  |  |
| Exited Students being monitored | 1,014 |
| Total with monitoring | $\mathbf{4 , 8 7 9}$ |

## CLASS SIZE

PPSD has a student to teacher ratio of 26:1 for general education in every school. Special education self-contained has a student to teacher ratio of 10:1 and special education 230-day has a 6:1 ratio.

## TRANSPORTATION

There are 147 busses for the PPSD schools and 6 busses for theTimes2 Charter School. Of the 147 PPSD busses 30 are for tuition special education students and 37 are for parochial and private school students. There are 147 routes, some with several bus runs. Approximately 5,677 elementary school, 2,185 middle school, 128 special education high school and 2,106 private and parochial school students take the bus (yellow busses). Approximately 2,737 regular education high school students receive monthly RIPTA bus passes.

## ATHLETICS

PPSD recognizes the health benefits of physical activity. Sports activities help students gain a sense of self-confidence, belonging and discipline.

| 1,500 | Athletes |
| ---: | :--- |
| 66 | Athletic teams |
| 200 | Students participating in the *Alternative |
|  | Athletics Program |

*The Alternative Athletics Program (AAP) is regulated by the Rhode Island Interscholastic League (www.riil.org) and created for schools with an enrollment that does not warrant the offering of an athletic program(s). Students in the AAP participate in the athletics program offered at a neighborhood school in the community in which they reside. Note: Alternative schools whose enrollment exceeds 400 are obliged to offer their own athletic program(s). Currently, Adelaide, E-Cubed, Academy of Service and DelSesto High School participate.

TRANSITION SERVICES
Every school has designed a unique transition program for incoming students.
Goals: To provide a welcoming transition experience for incoming students that includes an orientation to school experience, school-specific expectations and operations, in-school and community-based learning supports and communication with parents and families.
Program Design Objectives: Increase the percentage of incoming students who receive transition support; provide an organizational orientation which introduces students to a new set of systems while helping them build a set of skills for use throughout their educational careers; provide a social/emotional transition where students become familiar with in and out-of-school learning supports; and to develop a strong family/parent engagement component during transition.

## SUPPLEMENTAL SERVICES

Supplemental Educational Services (SES) provide additional academic instruction for students in schools that have not met State targets for increasing student achievement (adequate yearly progress or AYP) for three or more years. SES are offered at all seven middle schools; in 10 elementary schools (Veazie, West, Windmill, Lima, Fortes, Kizirian, Lauro, Young, Laurel Hill and Pleasant View); and in two elementary school annexes (Fortes and Lima).

## SCHOOL CHOICE

School Choice was adopted by the School Board on December 13, 1999 to implement an assignment process that is fair and equitable for all students; to school choice process; to provide students greater opportunity to attend a neighborhood school; and to allow siblings to attend the same school. At the elementary and middle levels the plan allocates $75 \%$ for neighborhood students, $20 \%$ for nonneighborhood students, and 5\% for students who chose the school as a second choice and live in the neighborhood. High Schools are $80 \%$ neighborhood and $20 \%$ for non-neighborhood.
